## **WE ARE PROTESTING TO TELL LAMBETH COUNCIL ENOUGH IS ENOUGH!!**

**01 NO TO DELAYED BUSES!**

Bus timetables are being trashed with many terminating early due to delays caused by Lambeth LTNs. Bus drivers are threatening to strike due to the delays!

**02 NO TO DELAYED AMBULANCES!**

Ambulances and other emergency service vehicles are regularly seen stuck in severe congestion on LTN boundary roads thus delaying time to get to incidents or to hospital!

**03 NO TO MORE POLLUTION FUMES!**

AIRLY pollution monitoring has shown NO2 levels on LTN boundary roads reaching extremely high levels up to 28 times over the WHO recommended safe level of 25 ug/m3!

**04 NO TO CHILDREN SUFFERING WITH HIGH POLLUTION!**

Many schools are located on or near LTN boundary roads where the pollution and danger from LTN displaced traffic has increased to dangerous levels!

**05 NO TO MORE WRECKED BUSINESSES!**

Businesses are suffering significant drops in revenue and at risk of having to cease trading as customers are unable to get to them due to severe congestion around LTNs!

**06 NO TO INCREASED TRAFFIC TIMES**

Journey times have been tripled. Lots of people with disabilities, elderly people and carers have been affected!

Calling **ALL** Lambeth Residents, Businesses and Local Commuters, together we can make a difference. Join our campaign and be part of the solution.  
 Together, let's create a Lambeth we can thrive in!
